During the school year, schools host events where representatives of the news media may be on campus to gather photographs and/or video footage. In addition, parents/guardians and students may take photos of events in classrooms or around schools. These photos may be posted on the Internet, on social media or otherwise distributed without the permission of the school. Your child's participation in these events is valued, and parent/guardian permission is needed to include your student in events where photography may take place.

Parents/Guardians who prefer that their child not be photographed or video recorded must notify their school by using this form. Schools make every effort to ensure the wishes of the parent/guardian. Please be aware that photographing and video recording by devices such as a mobile phone may take place without the knowledge of the teacher, principal, or district staff.
