

Mira Mesa High School Student Network Responsibility Contract

Reference: Administrative Procedure 4580 and “Network Use Guidelines”

Please read the “Network Use Guidelines” for Mira Mesa High School and San Diego Unified School District before signing the Student and Parent Acknowledgement Page this document. This is a Contract and the Student and Parent Acknowledgement Page must be signed before you will be given access to Mira Mesa High and San Diego City Schools’ computer networks.

- I understand and will abide by the above terms and conditions for access to district networks and the Internet.
- I understand that the signatures on the Student and Parent Acknowledgment Page are binding and indicate the parties who signed have read the terms and conditions carefully and understand their significance.
- I further understand that any violation of these regulations is unethical and some actions could constitute a criminal offense. Should I commit any violation, my access privileges will be revoked, school disciplinary action will be taken against me, and appropriate legal action will be considered.

Parent/Guardian Network Responsibility Contract

(If user is under the age of 18, a parent/guardian must also read and sign this agreement.)

As the parent/guardian of this student, I have read the terms and conditions as outlined above.

- I understand that this access is designed for educational purposes and San Diego Unified School District has taken precautions to eliminate controversial materials. However, I also recognize it is impossible for San Diego Unified School District to restrict access to all controversial materials, and I will not hold them responsible for materials acquired on the network.
- If this student has access to the Internet in a setting other than school, I acknowledge that the school district is not responsible for any material the student may access.

By signing the Student and Parent Acknowledgement Page I hereby give my permission for the student named above to have access to district networks and the Internet.
